

8:40 Meeting - Monday, 15 October 1973

✓ 1. New Pay: 15 of the 790 GS-15's or 1.9 percent will not be getting an increase on the 14 of October. 171 of the 227 <sup>GS-16's</sup> or 75.3 percent will not get a pay increase.

(4) 2. Summer Intern: Subject to the receipt of a favorable reference from one of his instructors, ~~Lyman R. Patrick~~ <sup>Victor</sup>, the first 1974 Summer Intern has been selected.

✓ 3. Co-op to be Minister: On Wednesday we were informed that another co-op decided to go into the Ministry. He was in a Biomedical Engineering job in OSI and scheduled to return in January, 1974. This is one of the few jobs where we alternate two students, and without a replacement his project would have had to be curtailed. We have been able to immediately identify an outstanding replacement. He will complete his application forms now, and assuming favorable interview he will be put in process.
